January 7, 2020
IMU AO Circular Letter 2/2020

To: The Adhering Organizations of the International Mathematical Union (IMU)

From: Helge Holden, IMU Secretary General

Heidelberg Laureate Forum 2020

Dear colleagues,

The 8th Heidelberg Laureate Forum (HLF), see <https://www.heidelberg-laureate-forum.org>, will take place in Heidelberg, Germany during September 20–25, 2020.

At HLF all winners of the Fields Medal, the Abel Prize, the ACM A.M. Turing Award, the Nevanlinna Prize, and the ACM Prize in Computing are invited to attend. In addition, young and talented computer scientists and mathematicians are invited to apply for participation. The previous HLFs have been an exceptional success. The HLF serves as a great platform for interaction between the masters in the fields of mathematics and computer science and young talents.

Applications for participation at the 8th HLF are open in three categories: Undergraduates, PhD Candidates, and PostDocs. See the webpage <https://application.heidelberg-laureate-forum.org/site/index.php> for the online nomination form. Please note that in compliance with European data protection law all previous login information and nominator accounts were deleted.

The IMU Adhering Organizations and national mathematical societies can nominate young researchers. Nominated persons get “priority treatment”, but, since there may be too many nominations, they have no acceptance guarantee. During the nomination process you will be asked for an Org-ID, which is IMU93258 for the IMU. **The deadline for application is February 14, 2020.**

IMU asks its Adhering Organizations to distribute this information among their national mathematical communities, if possible, through the newsletters of the national mathematical societies.

The HLF was initiated by the late German entrepreneur Klaus Tschira, and is supported by the Klaus Tschira Foundation, the Norwegian Academy of Science and Letters, the Association for Computing Machinery, as well as the International Mathematical Union.

Regards

Helge Holden
Secretary General of the International Mathematical Union
