## IMU AO Circular Letter 10/2021

To: The Adhering Organizations of the International Mathematical Union (IMU)

From: Helge Holden, IMU Secretary General

### Member ballot on application from Mongolia

Dear colleagues,

Mongolia has applied for associate membership of the IMU. The Executive Committee of the IMU unanimously recommends the application. The enclosed document, which was submitted by the Mongolian Mathematical Society, reports about the state of mathematics in Mongolia.

**Important change in procedure:** In addition to postal or fax ballots, we will also accept ballots returned by email to [office@mathunion.org](mailto:office@mathunion.org) under the following conditions. For an email ballot to be valid, it has to be sent from an address associated with your AO. If you are in doubt, please check the email I sent in mid-January of 2021 to each AO. If you are still in doubt, please contact me.

If we receive conflicting votes from the same AO, we will notify you. If the issue cannot be resolved, the ballot will be deemed invalid. Postal ballots take preference.

A ballot form is attached to this email, and it will *not* be sent out by regular mail.

Please vote on the application from Mongolia using the attached ballot, and return it by mail, email or fax by

**15 July 2021**

to the address indicated on the ballot form.

Regards

Helge Holden  
Secretary General of the International Mathematical Union
